

Guide to CAPITAL IMPROVEMENT Community Recreation Projects

S.B. 310

Ohio Department of Natural Resources

SAMPLE AWARD LETTER

Congratulations on your Capital Improvement award for a Community Recreation Project in the amount of _____, appropriated by the 131st General Assembly through Senate Bill 310. The Ohio Department of Natural Resources (ODNR) Office of Real Estate & Land Management (REALM) is responsible for administering these appropriations.

ODNR will work with the Participant (you) to successfully complete your Capital Improvement Community Recreation Project in compliance with Tax Exempt State Bond requirements. The following sequential steps will be followed:

1. Section One (pages 2-10) of the enclosed *Guide to Capital Improvement Community Recreation Projects* contains several forms that must be completed, as well as a few requested documents. This information is needed to assure that the project and the Participant meet Tax Exempt State Bond eligibility requirements. Please send all completed Section One forms and documents to ODNR at your earliest convenience. ODNR will review your submittal and contact you if there are any questions. A fillable *Guide to Capital Improvement Community Recreation Projects* is available @ <http://ohiodnr.gov/realestate>.
2. Upon approval of the Project Information File, ODNR will send the Participant a state – local contract for the project. The Participant signs this state-local contract and returns it to the ODNR Office of REALM.
3. After receipt of the signed contract, ODNR will submit a request to the State Controlling Board for approval of release of funds for the project. This will take several weeks. Upon State Controlling Board approval, the state-local project contract will be executed. The Participant will receive a copy. The Participant may then request partial advance of funds to begin the project.
4. Upon significant project progress, the Participant may submit reimbursement requests to the ODNR Office of REALM. These documented expenditures will be counted against any advance already issued. After the amount of an advance is met, reimbursements for properly documented expenditures will be made until the granted amount has been completely reimbursed. Because of time constraints associated with Tax Exempt State Bonds, Participants are strongly encouraged to complete projects by the end of the current biennium, June 30th, 2018.

In the near future you will receive a follow up letter containing a sample of the state - local project contract. This will allow time for you and your legal counsel to review the terms of the contract prior to signature phase. If you have any questions please do not hesitate to contact me at (614) 265-6477.

Sincerely,

Mary Fitch
Recreation Services Administrator

PROJECT ELIGIBILITY

Capital Improvement Community Recreation Projects must, when complete, provide new or improved recreation opportunities to the public. Please describe how the proposed SB 310 project meets this requirement.

ATTENTION NON PROFIT PROJECT SPONSORS

Nonprofit sponsors of Community Recreation Projects located on land owned or leased (min. 15 years) by the nonprofit must provide an executed lease or joint/cooperative use agreement with a governmental agency for that agency's use of, and right to use, the funded project. Please review the following excerpt from SB 310:

SECTION 509.150. REQUIREMENTS RELATING TO NON-STATE OWNERSHIP OF CERTAIN FINANCED PROJECTS

(A) No capital improvement appropriations made in this act from the Mental Health Facilities Improvement Fund (Fund 7033) or from the **Parks and Recreation Improvement Fund (Fund 7035)** shall be released for planning or for improvement, renovation, or construction or acquisition of capital facilities if a governmental agency, as defined in section 154.01 of the Revised Code, does not own the real property that constitutes the capital facilities or on which the capital facilities are or will be located. This restriction does not apply in any of the following circumstances:

(1) The governmental agency has a long-term (at least fifteen years) lease of, or other interest (such as an easement) in, the real property.

(2) In the case of an appropriation for capital facilities that, because of their unique nature or location, will be owned or be part of facilities owned by a separate nonprofit organization and made available to the governmental agency for its use or operated by the nonprofit organization under contract with the governmental agency, the nonprofit organization either owns or has a long-term (at least fifteen years) lease of the real property or other capital facility to be improved, renovated, constructed, or acquired and has entered into a joint or cooperative use agreement, with and approved by the governmental agency for that agency's use of and right to use the capital facilities to be financed and, if applicable, improved, the value of such use or right to use being, as determined by the parties, reasonably related to the amount of the appropriation.

(B) In the case of capital facilities referred to in division (A)(2) of this section, the joint or cooperative use agreement shall include, as a minimum, provisions that:

(1) Specify the extent and nature of that joint or cooperative use, extending for not fewer than fifteen years, with the value of such use or right to use to be, as determined by the parties and approved by the approving department, reasonably related to the amount of the appropriation;

(2) Provide for pro rata reimbursement to the state should the arrangement for joint or cooperative use by a governmental agency be terminated; and

(3) Provide that procedures to be followed during the capital improvement process will comply with appropriate applicable state statutes and rules, including the provisions of this act.

An executed joint or cooperative use agreement is required **before** the State - Local Contract can be issued to a nonprofit project sponsor. The agreement must meet **SECTION 509.150** requirements (see page 3). See pages 41-43 for an optional Joint Use Agreement template. With your Section One Project Information File (*if applicable*), please enclose a draft of your Joint Use Agreement, for ODNR approval. If you have questions please call the ODNR contact on page two.

Environmental Review of Capital Improvement Community Recreation Project

Project: _____

Explain all 'yes' and 'to be determined' answers on a separate sheet. In such cases clarify how each resource will or could be adversely impacted; any direct, indirect, and cumulative impacts that may occur; and any additional data that still needs to be determined. Also explain any planned mitigation, if applicable. For purposes of this Environmental Review, the terms *impact* and *effect* generally mean **negative or adverse**.

Does the proposed Community Recreation Project...	Yes	No	To be determined
1. Have significant impacts on public health or safety?

The Participant will take all other reasonable actions necessary to protect the life and health of employees on the job and the safety of the public, and to protect property in connection with the performance of work on the project

GUIDELINES FOR LAND ACQUISITION PROJECTS

Uniform Relocation and Acquisition

All acquisitions must be completed in accordance with the provisions of the Ohio Revised Code Section 163 and Public Law 91-646, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, which requires in part:

- You must offer the landowner just compensation for the property being acquired as determined by an ODNR-approved Uniform Standards of Professional Appraisal Practice (USPAP) appraisal.
- You must provide all displaced persons, whether landowner or tenant, with appropriate relocation assistance.

Sequence of Events

The Participant should not proceed to acquire a property until written authorization to do so is received from the Department.

- A. **APPRAISAL:** Property to be acquired must be appraised by the Participant. An independent appraisal must be submitted to the Department. The appraisal must be prepared by a general appraiser whose qualifications have been reviewed and approved by the Department prior to conducting the appraisal. The fair market value established by the state-approved appraisal is the amount of just compensation the Participant is required by law to offer the owner for the land to be acquired. Every appraisal must include a statement that the landowner has been offered the opportunity to accompany the appraiser during inspection of the property.
 - The appraisal will be reviewed and approved by ODNR. **Allow time in your schedule for this review.** ODNR maintains a list of ODNR approved appraisers. If a desired appraiser is not on the list, he or she may submit a request to be approved.
- B. **STATEMENT OF JUST COMPENSATION:** Upon notification from the Department that the appraisal is approved, the Participant must provide the landowner with a Statement of Just Compensation, and the required information for landowners and tenants about benefits under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646). See page 26 for the Statement of Just Compensation form and required attachment. A copy of the Statement of Just Compensation WITH ORIGINAL SIGNATURE must be returned to the Department at the time of reimbursement request, at the latest.
- C. **NEGOTIATIONS:** Negotiations must be initiated by offering the approved appraised value in a Statement of Just Compensation. The purchase price must be negotiated and the property acquired within twelve months of the effective date of the appraisal or an update of the appraisal will be needed. If negotiations or the actual purchase occurred prior to state approval, the Participant may not be eligible for reimbursement.
 - Even if negotiations occurred prior to an approved appraised value, the Participant is required by law to offer the appraised value to the seller, and pay that amount upon acceptance by the seller.

- D. **WAIVER OF JUST COMPENSATION:** After ODNR has approved the appraisal, the landowner must be provided with a Statement of Just Compensation and the required information for landowners and tenants about benefits under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1980 (P.L. 91-646). A copy of the Statement of Just Compensation WITH ORIGINAL SIGNATURE must be returned to the Department at the time of reimbursement request, at the latest.

If the seller chooses to accept less than the amount offered in the Statement of Just Compensation, he/she must sign a Waiver of Just Compensation (see page 31), explaining reasons for accepting less.

- E. **CONDEMNATION:** Condemnation should not be advanced or delayed in order to prompt an agreement on price. If an agreement does not appear possible after a reasonable period of negotiation, the Participant may, if authorized by law, institute condemnation proceedings.
- F. **DEED LIMITATION OF USE:** Property acquired with state bond assistance shall be retained and used for public outdoor recreation for a minimum of fifteen years after project closeout. This is the **COMPLIANCE PERIOD**. Under no circumstances during this period can property so acquired (or developed) be converted from public outdoor recreation use without the approval of the Director of the Department of Natural Resources.

Therefore, the Notice of Tax Exempt Bond Funding must be recorded in the county courthouse with the deed for the acquired parcel(s). Prior to final reimbursement a copy of the recorded Notice of Tax Exempt Bond Funding must be provided to the ODNR, along with the recorded deed.

G. **TRANSFER TITLE AND RECORD DEED**

Title Rights, Documentation or Price Paid and of Title:

Provide supply satisfactory evidence of purchase price and of the character and nature of the title to the ODNR Office of Real Estate. A written Certification of Title by Participant's legal counsel can satisfy evidence of title, or title insurance, or a copy of the deed. Exact property boundary lines must be established. A survey may be required when there is reasonable doubt about the size or exact location of the boundaries of the land being acquired.

Acquisition of Interests in Real Property:

Acquisition of easements, rights-of-way, etc., will be viewed in the same light as full takings. Documentation of value by appraisal will be the same. The Participants should adequately explain why lesser property interests are to be acquired.

SECTION THREE

FINANCIAL MANAGEMENT OF PROJECTS, ADVANCES & REIMBURSEMENTS

The Participant is responsible for the financial management of an approved project.

Accounting for Funds Received

The Participant shall implement accounting procedures to assure proper disbursement and accounting of project expenditures. The accounting procedures must be based on generally accepted accounting standards and principles. Separate accounts should be established for each project. Records to show that all expenditures charged against the project were authorized by the Participant must be maintained for the duration of the COMPLIANCE PERIOD (see page 12).

Notice of Tax Exempt Bond Funding

SB 310 Community Recreation Projects are funded through the sale of tax exempt bonds. Therefore, *prior to advance or reimbursement of funds*, the Participant must submit a completed and recorded Notice of Tax Exempt Bond Funding (see page 34). This document must be recorded at the applicable County Recorder's Office, and a copy must be submitted with the Participant's *first* request for funds. If the Participant does not own the property where the project is located, the property owner of record must complete and record the Notice of Tax Exempt Bond Funding.

Performance Reports

To obtain reimbursement, the Participant submits a Performance Report with supporting documentation; copies of invoice(s) and proof of payment(s). Reimbursement of Participant expenditures will usually be made within 45 days of receipt of complete and correct requests for reimbursement.

Reimbursement must be made within 18 months of date of original expenditure, or within 18 months of a clear placed-in-service date, provided no more than 3 years from date of original expenditure.

A Performance Report must be submitted with each reimbursement request. A Final Performance Report must be submitted when project is completed, prematurely terminated, or project assistance is terminated, and will include a final accounting of all expenditures and a description of all work accomplished.

Each Performance Report should summarize all expenditures being requested for reimbursement and must account for the entire project. Project items that have been completed, the percentage of completion of items partially completed and the items that have yet to commence should be identified on the Performance Report. Invoices and proof of payment for each project related item are required. A signature certification is required at the bottom of the Performance Report

NOTE: The First Performance Report for Advance or Reimbursement must include a completed **and recorded** NOTICE OF TAX EXEMPT BOND FUNDING (see page 34).

STATEMENT OF JUST COMPENSATION

PROJECT: _____

OWNER: _____

PARCEL
NO(S): _____

Dear _____:

This is to confirm my discussion with you concerning your property and to indicate my willingness to further discuss the acquisition of your property at your convenience.

As indicated, the _____ has had an appraisal made of your property. The Ohio Department of Natural Resources has reviewed and approved the appraisal and in compliance with Section 301 of the Act of Congress of January 2, 1971, Public Law 91-646, and Ohio Revised Code Section 163.51 and 163.62, you are hereby advised that just compensation for fee interest in your property is:

Land	= \$ _____
Improvements	= \$ _____
Damages	= \$ _____
TOTAL	= \$ _____

This amount is an estimate of fair market value, which is not less than the state-approved appraisal. The estimate of fair market value of the real property is based on acceptable standard appraisal practices and procedures, which considered the highest and best use of the property, current land sales of similar properties in the vicinity, and other indicators of land value as follows:

(Income, Market, or Cost Approach)

Also considered were possible damages to any real property owned by you and not included in the above description.

The state-approved value encompasses all property values within the described premises, including any and all buildings and other improvements, except as specifically stated under EXCEPTIONS, below.

Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement on the project for which the property is being acquired, or by the likelihood that the property would be acquired for such improvement or project, other than that due to physical deterioration within the reasonable control of the owner, has been disregarded by the appraiser making his determination of just compensation for the property.

Information for Landowners and Tenants About Benefits under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 - Public Law 91-646

The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 provides for certain benefits and payments to displaced persons (landowners and tenants) which result from the sale of land to a government agency (federal, state, or local). A person is considered displaced when (a) a person, partnership, corporation or association on or after January 2, 1971, moves from real property as a result of the acquisition of such real property, in whole or in part; or (b) they are in receipt of a written order from the acquiring agency to vacate real property for a program or project receiving federal financial assistance. The law provides for benefits and payments for which you may be eligible in the following areas:

1. Reimbursement of moving and related expenses or certain substitute payments.
2. Replacement housing allowance under certain conditions.
3. Relocation assistance services to help locate replacement housing, farms, or business properties.
4. Reimbursement of certain expenses incurred in selling real property to a government agency.

These payments and benefits are discussed in greater detail in the following paragraphs.

1. Reimbursement of Moving and Related Expenses

Displaced landowners and tenants are eligible for reimbursement of actual expenses incurred in moving themselves, their families, and their personal property from land acquired for federal or federally assisted programs. When a commercial mover is used, the reimbursement will be the amount charged. If the actual expenses are to be claimed, accurate records must be kept and bills and receipts obtained to support an application for reimbursement of expenses. Reimbursement for actual moving expenses shall not exceed the estimate or amount charged by a commercial mover.

In addition to moving expenses, actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation may be reimbursable, but may not exceed the cost of moving such property.

Landowners or tenants displaced from a business or farm operation are eligible for an additional payment not to exceed \$500 for expenses incurred in searching within a 50-mile radius for a replacement business or farm.

Should an owner or tenant displaced from a dwelling prefer, he might accept substitute payment of \$200 plus an allowance of up to \$300 (based on the size of the dwelling moved from) instead of actual moving expenses.

Should a displaced person from a business or farm operation prefer, he may accept a substitute payment instead of actual costs of moving and searching for relocation property. The Costs are not to be less than \$2,500 nor more than \$10,000 (based on the actual net income before income taxes). To qualify as a farm operation, the farm must contribute, or be capable of contributing, at least one-third of the operator's support. To qualify as a business, it must be shown that (a) it cannot be relocated without a substantial loss of its existing patronage; and (b) it is not a part of a commercial enterprise having at least one other establishment not being acquired by the governmental agency.

2. Replacement Housing Allowance.

In addition to reimbursement of moving expenses, owners or tenants actually occupying dwellings on the property acquired by a government agency under a federal or federally assisted program may be eligible for payment to help them purchase or rent a decent, safe, and sanitary replacement dwelling. This payment may be in the form of (a) a differential payment; (b) a rent supplement; or (c) a down payment allowance.

- a. Differential Payment. A payment which, when added to the purchase price of the dwelling acquired by the governmental agency, would enable the owner/occupant to acquire a decent, safe, and sanitary dwelling in the same general area from which he was displaced. The maximum amount that can be allowed for a replacement dwelling shall in no case exceed \$15,000. To qualify for this payment, an owner/occupant must have occupied the dwelling for not less than 180 days prior to the initiation of negotiations by the governmental agency (i.e.: 180 days from the date the first monetary offer was made).
- b. Rent Supplement. The amount necessary, when added to the actual rent or fair cash rental, whichever is greater, which will enable a displaced tenant or owner/occupant to rent a decent, safe, and sanitary dwelling for a period not to exceed four years; but in no case shall the total amount of such payment exceed \$4,000. The governmental agency will determine the maximum amount necessary to rent a replacement dwelling. Total payments in excess of \$500 will be made in four equal annual installments. To qualify for this payment, a tenant or owner must have occupied the dwelling acquired by the governmental agency for not less than 90 days prior to the initiation of negotiations. An owner/occupant of more than 180 days prior to the initiation of negotiations may elect to receive this payment instead of the initiation of the differential payment, but not to exceed the amount he would have received as a differential payment.
- c. Down Payment. The amount necessary to make a down payment for purchase, including closing costs, on a decent, safe, and sanitary dwelling but not to exceed \$4,000. However, the displaced tenant must match any amount over \$2,000 on an equal basis. The amount required for a down payment cannot exceed the minimum

needed in the area for a conventional loan plus closing costs. The same occupancy qualifications apply for a down payment as for a rent supplement,

3. Relocation Assistance.

The government agency (federal, state, or local) will, to the greatest extent possible, assist displaced landowners and tenants in locating and becoming established in decent, safe, and sanitary replacement housing and in locating replacement farm and business properties. It will also provide assistance in completing applications for moving and other expenses and payments authorized by Public Law 91-646. Should you have questions, the governmental agency (federal, state, or local) negotiator will be glad to discuss them with you, or you may write to the government office in charge of federal or federally assisted programs.

The government agency (federal, state, or local) will, upon request, provide any lending institution, or other interested party, a statement of expenses and allowances for which you, as a displaced owner or tenant, are eligible under Public Law 91-646.

4. Reimbursement of Expenses Incurred in Selling Real Property to a Governmental Agency.

Landowners are eligible for reimbursement of certain expenses incurred by them in conveying title to real property to the government. The expenses eligible are:

- a. Recording fees, transfer taxes, revenue stamps, and notary fees.
- b. Penalty costs for pre-payment of pre-existing recorded mortgages as may be required to convey a clear title to the government agency.
- c. The pro rate portion of real property taxes that would apply to the period after the date title vests in the government, or the effective date of possession by the government, whichever is earlier.

It is the obligation of the landowner to pay these expenses initially and then claim reimbursement from the agency purchasing the land. The agency will then be eligible for federal reimbursement as an allowable expense of the project.

ACKNOWLEDGEMENT SIGN:

Public acknowledgment of State funding assistance at project sites is required, showcasing the state-local partnership in creating and improving high quality recreation areas. Participants can have signs made locally or purchase signs from ODNR.

The acknowledgement sign must be posted at the main entrance to the park or other appropriate on-site location, such as on or near the funded park facility. Method of sign construction may be determined by the Participant. Signs must remain in place through the compliance period, approximately fifteen years after project closeout.

ODNR offers recycled plastic signs at no cost to the project sponsor. One sign will be sent to the project sponsor with the executed state-local contract for the project.

If you prefer to make your sign in-house or locally, please notify ODNR when you return your signed state-local contract for the project, so that a sign will not be sent unnecessarily.

The sign looks like this:
