(FFF) "Wild animal hunting preserve" means an area of land where game, captive white-tailed deer, and nonnative wildlife, other than game birds, are released and hunted as authorized by a wild animal hunting preserve license obtained under section 1533.721 of the Revised Code.

(GGG) "Captive white-tailed deer" means legally acquired deer that are held in private ownership at a facility licensed under section 943.03 or 943.031 of the Revised Code and under section 1533.71 or 1533.721 of the Revised Code.

1531.02 State ownership of wild animals.

The ownership of and the title to all wild animals in this state, not legally confined or held by private ownership legally acquired, is in the state, which holds such title in trust for the benefit of all the people. Individual possession shall be obtained only in accordance with the Revised Code or division of wildlife orders. No persons shall at any time of the year take in any manner or possess any number or quantity of wild animals, except such wild animals as the Revised Code or division orders permit to be taken, hunted, killed, or had in possession, and only at such time and place, and in such manner, as the Revised Code or division orders prescribe. No person shall buy, sell, or offer any part of wild animals for sale, or transport any part of wild animals, except as permitted by the Revised Code or division orders. No person shall possess or transport a wild animal which has been taken unlawfully outside the state.

A person doing anything prohibited or neglecting to do anything required by this chapter or Chapter 1533. of the Revised Code or contrary to any division rule violates this section. A person who counsels, aids, shields, or harbors an offender under those chapters or any division rule, or who knowingly shares in the proceeds of such a violation, or receives or possesses any wild animal in violation of the Revised Code or division rule, violates this section.

1533.07 Protection afforded nongame birds.

No person shall catch, kill, injure, pursue, or have in the person's possession, either dead or alive, or purchase, expose for sale, transport, or ship to a point within or without the state, or receive or deliver for transportation any bird other than a game bird, or have in the person's possession any part of the plumage, skin, or body of any bird other than a game bird, except as permitted in Chapter 1531. and this chapter of the Revised Code, or disturb or destroy the eggs, nest, or young of such a bird.

This section does not prohibit the lawful taking, killing, pursuing, or possession of any game bird during the open season for the bird. Bald or golden eagles and ospreys shall not be killed or possessed at any time, except that eagles or ospreys may be possessed for educational purposes by governmental or municipal zoological parks, museums, and scientific or educational institutions. European starlings, English sparrows, and common pigeons, other than homing pigeons, may be killed at any time and their nests or eggs may be destroyed at any time. Blackbirds may be killed at any time when doing damage to grain or other property or when they become a nuisance.

Each bird or any part thereof taken or had in possession contrary to this section constitutes a separate offense.

1533.71 License to raise or keep game birds and animals.

(A) Unless otherwise provided in this section or by division rule, any person desiring to engage in the business of raising and selling game birds, game quadrupeds, reptiles, amphibians, or fur-bearing animals in a wholly enclosed preserve of which the person is the owner or lessee, or to have game birds, game quadrupeds, reptiles, amphibians, or fur-bearing animals in captivity, shall submit an application to the division of wildlife for a license to do so. This section does not apply to a person who possesses wild animals under the authority of a license for a wild animal hunting preserve or a commercial bird shooting preserve.

The division, when it appears that the application is made in good faith and the applicant is in compliance with division (B) of this section, if applicable, and upon the payment of the fee for each license, may issue to the applicant any of the following licenses that may be applied for:

(1) "Commercial propagating license" permitting the licensee to propagate game birds, game quadrupeds except captive white-tailed deer, reptiles, amphibians, or fur-bearing animals in the wholly enclosed preserve the location of which is stated in the license and the application therefor, and to sell the propagated game birds, game quadrupeds except captive white-tailed deer, reptiles, amphibians, or fur-bearing animals and ship them from the state alive at any time, and permitting the licensee and the licensee's employees to kill the propagated game birds, game quadrupeds except captive white-tailed deer, or fur-bearing animals and sell the carcasses for food subject to sections 1533.71 to 1533.79 of the Revised Code. The fee for such a license is forty dollars per annum.

(2) "Noncommercial propagating license" permitting the licensee to propagate game birds, game quadrupeds except captive white-tailed deer, reptiles, amphibians, or fur-bearing animals and to hold the animals in captivity. Game birds, game quadrupeds except captive white-tailed deer, reptiles, amphibians, and fur-bearing animals propagated or held in captivity by authority of a noncommercial propagating license are for the licensee's own use and shall not be sold. The fee for such a license is twenty-five dollars per annum.

(3) "Captive white-tailed deer propagation license" permitting the licensee to propagate captive white-tailed deer, hold the animals in captivity, and sell the animals and carcasses. The fee for such a license is forty dollars. The license is valid until a licensee ceases to hold captive white-tailed deer or the license is revoked, whichever occurs earlier.

(B)(1) A person who wishes to obtain a captive white-tailed deer propagation license, prior to applying for the license, shall construct an authorized enclosure that is surrounded by a fence that is eight feet in height with a minimal deviation not to exceed four per cent, is constructed in a manner that prevents ingress and egress of deer, and is constructed of materials that are approved by the chief of the division of wildlife in consultation with the animal and plant health inspection service in the United States department of agriculture, the department of agriculture, and representatives of the cervid industry in this state.

(2) After constructing an authorized enclosure in accordance with division (B)(1) of this section and division rules, the person may submit an application for a captive white-tailed deer propagation license.

(3) Not later than thirty days after the submission of the application, a representative from the division shall inspect the authorized enclosure to ensure compliance with division (B)(1) of this section and division rules. If the applicant's authorized enclosure is not in compliance with all of the applicable requirements, the representative shall inform the applicant in writing of the deficiencies not later than ten business days after the inspection. If the applicant corrects the deficiencies, the applicant shall request a reinspection. The reinspection shall be conducted in accordance with this division not later than thirty days after the request for reinspection.

If the applicant's authorized enclosure complies with all of the applicable requirements, the chief shall review the application and shall issue or deny the license. If the chief denies the license, the chief shall return the application to the applicant with an explanation of the reasons for denial. The applicant may correct the deficiencies in the application and submit a revised application. If the applicant corrects the deficiencies, the chief shall issue the license as provided in this section.

(4) Upon receipt of a captive white-tailed deer propagation license, receipt of a license under section 943.03 or 943.031 of the Revised Code, and a demonstration to the chief or the chief's designee that each captive white-tailed deer held by the licensee was legally acquired, the licensee may place all of the licensee's deer in the authorized enclosure. The licensee thereafter shall comply with this chapter and Chapter 1531. of the Revised Code, division rules, sections 943.20 to 943.26 of the Revised Code, and rules adopted under section 943.24 of the Revised Code.

(C) The division may inspect a facility to which a captive white-tailed deer propagation license has been issued only at reasonable times and when the inspection is in connection with a criminal investigation.

(D) The chief, with the approval of the director of agriculture, may suspend or revoke a captive white-tailed deer propagation license issued to a person who also has been issued a valid license under section 943.03 or 943.031 of the Revised Code for the same facility if the person fails to comply with this chapter and Chapter 1531. of the Revised Code, division rules, sections 943.20 to 943.26 of the Revised Code, and rules adopted under section 943.24 of the Revised Code.

(E) [Added by 129th General Assembly File No. 89, HB 389, § 1] Except as provided by law, no person shall possess game birds, game quadrupeds, or fur-bearing animals in closed season, provided that municipal or governmental zoological parks are not required to obtain the licenses provided for in this section.

(E) [As amended by 129th General Assembly File No. 113, SB 310, § 1] A license shall not be issued under this section to raise or sell a dangerous wild animal or restricted snake as defined in section 935.01 of the Revised Code.

(F) Except for a captive white-tailed deer propagation license, all licenses issued under this section shall expire on the fifteenth day of March of each year.

(G) The chief shall pay all moneys received as fees for the issuance of licenses under this section into the state treasury to the credit of the fund created by section 1533.15 of the Revised Code for the use of the division in the purchase, preservation, and protection of wild animals and for the necessary clerical help and forms required by sections 1533.71 to 1533.79 of the Revised Code.

(H) This section does not authorize the taking or the release for taking of the following:

(1) Game birds, without first obtaining a commercial bird shooting preserve license issued under section 1533.72 of the Revised Code;

(2) Game or nonnative wildlife, without first obtaining a wild animal hunting preserve license issued under section 1533.721 of the Revised Code.

1533.74 Sale of game or wildlife for food; tags for sale or transportation.

No game birds, game quadrupeds, or fur-bearing animals held under the authority of a license issued under section 1533.71, 1533.72, or 1533.721 of the Revised Code shall be sold for food unless the carcass of each game bird, game quadruped, or fur-bearing animal is tagged with a suitable tag or seal approved by the division of wildlife. Game birds, game quadrupeds, and fur-bearing animals so killed and tagged may be possessed, bought, or sold at any time. Common carriers shall receive and transport game birds, game quadrupeds, and fur-bearing animals so tagged, but to every package containing them shall be affixed a tag or label upon which shall be plainly printed or written the name of the person to whom the license was issued, the name of the person to whom they are to be transported, the number of game birds, game quadrupeds, or fur-bearing animals contained in the package, and a statement to the effect that they were killed and tagged in accordance with sections 1533.71 to 1533.79 of the Revised Code.

The chief of the division of wildlife may adopt rules under section 1531.10 of the Revised Code necessary to administer this section.

This section and rules adopted pursuant to it do not apply to meat that has been inspected by the department of agriculture under Chapter 918. of the Revised Code and rules adopted under it and that has been marked with an official inspection mark, stamp, or brand pursuant to that inspection.

1533.77 Records of game held by a licensee; display of license.

(A) Each holder of a noncommercial or commercial propagating license issued under section 1533.71 of the Revised Code shall keep the license prominently displayed at the place of business specified in the license, and shall keep accurate written records that shall include the total number of game birds, game quadrupeds, or fur-bearing animals possessed on the date of application for the license, the number subsequently propagated or acquired by purchase or gift, the number that escaped, the number that were released, the number that died, and the name and address of each person or corporation from whom or to whom game birds, game quadrupeds or fur-bearing animals were received as a gift or given as a gift or purchased or sold alive or sold for food, and the date of each transaction. These records shall be kept permanently on the premises stated in the license, and shall be open for inspection by any authorized representative of the division of wildlife at all reasonable times.

(B) Each holder of a captive white-tailed deer propagation license issued under section 1533.71 of the Revised Code shall maintain all records that are required in rules adopted under section 943.24 of the Revised Code. The records shall be kept permanently on the premises stated in the license and shall be open for inspection by any authorized representative of the department of agriculture at all reasonable times and of the division of wildlife at all reasonable times in conjunction with an active criminal investigation.

(C) The holder of a captive white-tailed deer propagation license shall not knowingly falsify any record or tag that is required in rules adopted under section 943.24 of the Revised Code or in rules adopted under section 1531.10 of the Revised Code.

1533.79 Control of parasites and diseased game and wildlife, authority of the director of agriculture.

(A) The chief of the division of wildlife may adopt, amend, and rescind such rules as the chief considers necessary to control or eradicate parasites and diseases of game birds, game quadrupeds other than captive white-tailed deer, fur-bearing animals, or nonnative wildlife on the lands subject to sections 1533.71 to 1533.79 of the Revised Code.

(B) This chapter and Chapter 1531. of the Revised Code and division rules do not supersede the authority of the director of agriculture under Chapter 941. of the Revised Code to prevent the spread of dangerously contagious or infectious diseases and to provide for the control and eradication of such diseases.

ADMINISTRATIVE CODE OF OHIO

(5) It shall be unlawful for any person to fail to inspect or maintain their trap once every 24 hour period.

(6) It shall be unlawful for any person to set, use or maintain traps unless they have attached thereto a durable waterproof tag bearing the name and address of the user legible in the English language.

(7) It shall be unlawful for any person to disturb or molest a legally set trap of another person without permission from the trap's owner or user.

(8) It shall be unlawful to take reptiles or amphibians with the aid or use of chemicals, deleterious or stupefying substances, smoke, explosives, winches, jacks or other device or material that may cause damage to or destroy the den, hibernaculum, nest, or immediate surroundings thereof.

(D) Permits

(1) It shall be unlawful to buy, sell, barter or trade any reptile or amphibian taken from the wild in Ohio except snapping turtles and softshell turtles.

(2) It shall be unlawful for any person 18 years of age or older to fail to apply to the division of wildlife for a propagating license under section 1533.71 of the revised code after taking possession of a reptile or amphibian, except:

(a) bullfrogs and green frogs legally acquired from outside the state, or propagated under the authority of a commercial propagating license issued under section 1533.71 of the revised code, that are accompanied by a bill of sale, receipt, record of acquisition or invoice, legible in the English language, and are possessed and sold solely for consumption as food.

(b) snapping turtles and softshell turtles legally acquired from outside the state, or legally obtained from within the state, that are accompanied by a bill of sale, receipt, record of acquisition or invoice, legible in the English language, and are possessed and sold solely for consumption as food.

(c) snapping turtles and softshell turtle heads, shells and feet legally acquired from outside the state, or legally obtained from within the state, that are accompanied by a bill of sale, receipt, record of acquisition or invoice, legible in the English language.

(d) wildlife ornamental products.

(3) It shall be unlawful for an Ohio resident 17 years of age or younger to possess, without applying for a propagating license under section 1533.71 of the revised code, more than 4 individuals or more than 25 eggs, tadpoles, or larvae of each species of reptile or amphibian.

(E) Records

(1) It shall be unlawful for any person possessing, buying, selling, trading, bartering, receiving or gifting reptiles or amphibians to fail to maintain accurate records, legible in the English language, which include the scientific and common names and the following, when applicable:

(a) the date of acquisition or transactions.

(b) the number of reptiles or amphibians by species.

(c) the birth dates of reptiles and amphibians propagated while in possession, by species.

(d) the location of capture and length of all reptiles and amphibians taken from the wild by species.

(e) the complete name and address of the person from whom the reptile or amphibian was purchased or otherwise acquired.

(f) the complete name and address of the person to whom the reptile or amphibian was sold, traded, bartered or given as a gift.

(g) the weight of snapping turtles or softshell turtles sold solely for consumption as food by species.

(h) the date of death or escape.

(i) the unique passive integrated transponder identifier of any implanted reptile.

(2) It shall be unlawful to fail to retain a certificate of origin, a bill of sale, receipt, record of acquisition or invoice legible in the English language, for each individual reptile or amphibian produced in captivity or legally obtained from out of state which includes:

- (a) both the scientific and common name.
- (b) number of reptiles and amphibians by species.
- (c) date of acquisition or transaction.
- (d) the complete name and address of the person from whom the reptile or amphibian was purchased or otherwise acquired.

(e) the propagating license number as issued under section 1533.71 of the revised code, when applicable.

(3) It shall be unlawful to fail to maintain on the premises as stated on the license, for a period of less than 5 years any:

- (a) records required by this rule.
- (b) certificate of origin, a bill of sale, receipt, record of acquisition or invoice required by this rule.
- (4) It shall be unlawful to fail to make available for inspection, by an authorized representative of the division of wildlife, at any reasonable time:

- (a) reptiles and amphibians possessed.
- (b) records required by this rule.
- (c) certificate of origin, a bill of sale, receipt, record of acquisition or invoice required by this rule.

- (5) Records shall not be required for:
 - (a) retail store and restaurant sales of snapping turtles, softshell turtles, bullfrogs and green frogs to persons solely for their own consumption as food.
 - (b) persons who purchase snapping turtles, softshell turtles, bullfrogs and green frogs solely for their own consumption as food.

- (c) wildlife ornamental products.
- (F) Passive Integrated Transponders
 - (1) It shall be unlawful to possess any live reptile not permanently implanted with a unique passive integrated transponder with a frequency of 125 kHz, 134.2 kHz or 400 kHz in each:

- (a) snake with a snout-vent length of 18 inches or greater.
- (b) turtle with a straight-line carapace length of 4 inches or greater, except:
 - (i) snapping turtles and softshell turtles legally acquired from outside the state, or legally obtained from within the state, that are accompanied by a bill of sale, receipt, record of acquisition or invoice, legible in the English language, and are possessed and sold solely for consumption as food.

(2) It shall be unlawful to sell, barter, trade or gift any reptile, regardless of size, to another person that is not permanently implanted with a unique passive integrated transponder with a frequency of 125 kHz, 134.2 kHz or 400 kHz in each specimen, except:

(a) snapping turtles and softshell turtles legally acquired from outside the state, or legally obtained from within the state, that are accompanied by a bill of sale, receipt, record of acquisition or invoice, legible in the English language, and are possessed and sold solely for consumption as food.

(G) Release Into The Wild
 (1) It shall be unlawful to release any reptile or amphibian into the wild that has been produced in captivity or obtained from outside the state.

(2) It shall be unlawful to release any reptile or amphibian into the wild that was taken from the wild in Ohio and was held in captivity for more than 30 days.

(3) It shall be unlawful to release any reptile or amphibian into the wild at any place other than the location of capture.
